

CALIFORNIA BICYCLE SUMMIT

2023

OCTOBER | SAN DIEGO, CA

SPONSORSHIP INFORMATION

CALIFORNIA
BICYCLE
COALITION

ABOUT US

CalBike advocates for equitable, inclusive, and prosperous communities, where bicycling helps to enable all Californians to live healthy and joyful lives.

THE BIENNIAL CALIFORNIA BICYCLE SUMMIT IS CALIFORNIA'S MOST IMPORTANT BICYCLE ADVOCACY EVENT AND ONE OF THE NATION'S LEADING BICYCLE-RELATED CONFERENCES.

The 2023 summit will feature three dynamic days of informative and transformational keynotes, plenaries, and workshops by thought leaders, advocates, activists, planners, movers, and shakers, as well as exciting and interesting bike rides around San Diego and many opportunities to learn, network and exchange ideas.

This is a unique **opportunity to support important work** and make an unprecedented impact in promoting **healthier and more equitable transportation** in California and beyond.

CalBike will again offer a series of **interactive online events leading up to the in-person summit** which will offer a preview of the rich and inspiring content at the main event.

The summit enjoys **widespread attention and exposure**, reinforced by our distribution through mailings, active organic and paid social media, newsletters, press, and pre-summit events, **reaching more than 250,000 people who care deeply about bicycling.**

On-site representation can reinforce your message and support a sustainable future, and we invite you to participate in demonstrations and presentations.

”

The CA Bike Summit is a great chance to hear from and about all the different people and projects that are creating a world that makes bikes more accessible to all. It's fun, it's informative, and experiential, and really brings together people from all sides of the bicycle world.
